REACH Compliance Statement

Reach Compliance Review

A review and audit of all chemicals used takes place at regular intervals. The relevant health and safety documentation maintained.

Reach Initiative

As of June 2007, the European Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force.

No products manufactured, purchased or supplied by Forge Europa require registration under the European Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). Forge Europa is actively committed to regularly reviewing the chemical contents of its products and parts thereof and to limiting its use of chemicals.

In the future, if its monitoring indicates a change in REACH status for any product it supplies to a customer(s), Forge Europa will inform that customer(s) accordingly and register that chemical with REACH.

REACH STATEMENT:

Forge Europa is committed to managing its environmental responsibilities effectively and to remaining fully compliant with the European Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) at all times. No products manufactured, designed, purchased or supplied by Forge Europa require the company to register under the REACH Regulations. Forge Europa is actively committed to regularly reviewing the chemical contents of all its products and parts thereof and to limiting its use of chemicals.
