THE FORGE FACTOR

We may make it look easy, but without the Forge Factor we'd just be a contract manufacturer.

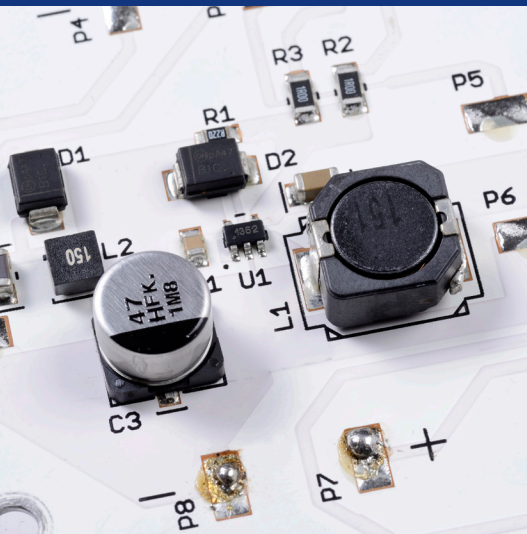

So, how do we do it?

- over 30 years of expertise and profound technical knowledge
- a cracking process
- charming people
- a passion for constant improvement

THE FORGE FACTOR

the expertise you need

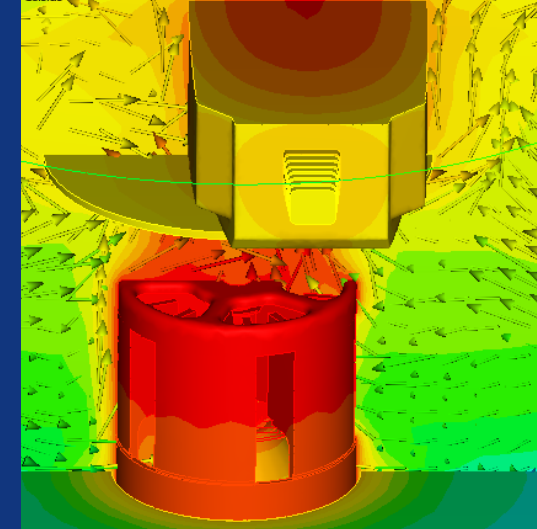

ELECTRONIC DESIGN

We provide industry compliant low and mains voltage designs, on-board electronics and miniaturisation.

PCB DESIGN

PCB Design considers board yield, material type, thermal performance, aesthetics and cost.

THERMAL DESIGN

We use the very latest Computational Fluid Dynamics (CFD) technology and identify the optimal heatsink geometrics solution.

OPTIC DESIGN & MANUFACTURE

We use the latest ray trace software to simulate distribution of luminous intensity, illuminance and flux.

LED SELECTION

We select for light output, colour rendition (CRI), efficiency, binning, LM-80 and cost.

PRODUCTION ENGINEERING

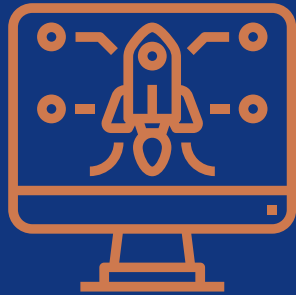

Translating state of the art design through to cost effective production.
